

## Business Leadership Sessions

Small and medium sized UK enterprises that have between 5 and 249 employees now have the opportunity to claim a £500 grant to spend on leadership development.

The Leadership and Management Service commenced on 1st April 2008, funded by the Learning and Skills Council. This Service is specifically aimed at supporting leaders and senior managers to enhance their business-building and leadership skills with the aim of fostering greater business growth.

Whole Being are delighted to announce The Leadership Sessions, a compelling mix of;

- Two weekend Workshops on Leading with Creativity and Imagination and Patterns of Persuasion in Brighton led by former Ericsson Communications Solutions MD, Graham Constantine

- 12 month online continuous learning and networking forum

Due to the limited delegate places combined with the fact that they are 100% grant assisted we are expecting to sell out quickly and therefore readers are urged to secure their place today.
